FYI. Spoke with Mike Galvin. Looks like the dollar amount will not be an issue. Rest easier.

Good morning all,

I don't want to confuse matters, but here's the map book that I requested.

See you this afternoon.

I've completed the map book and corresponding information table. Those items can be accessed and downloaded by clicking the below download link:

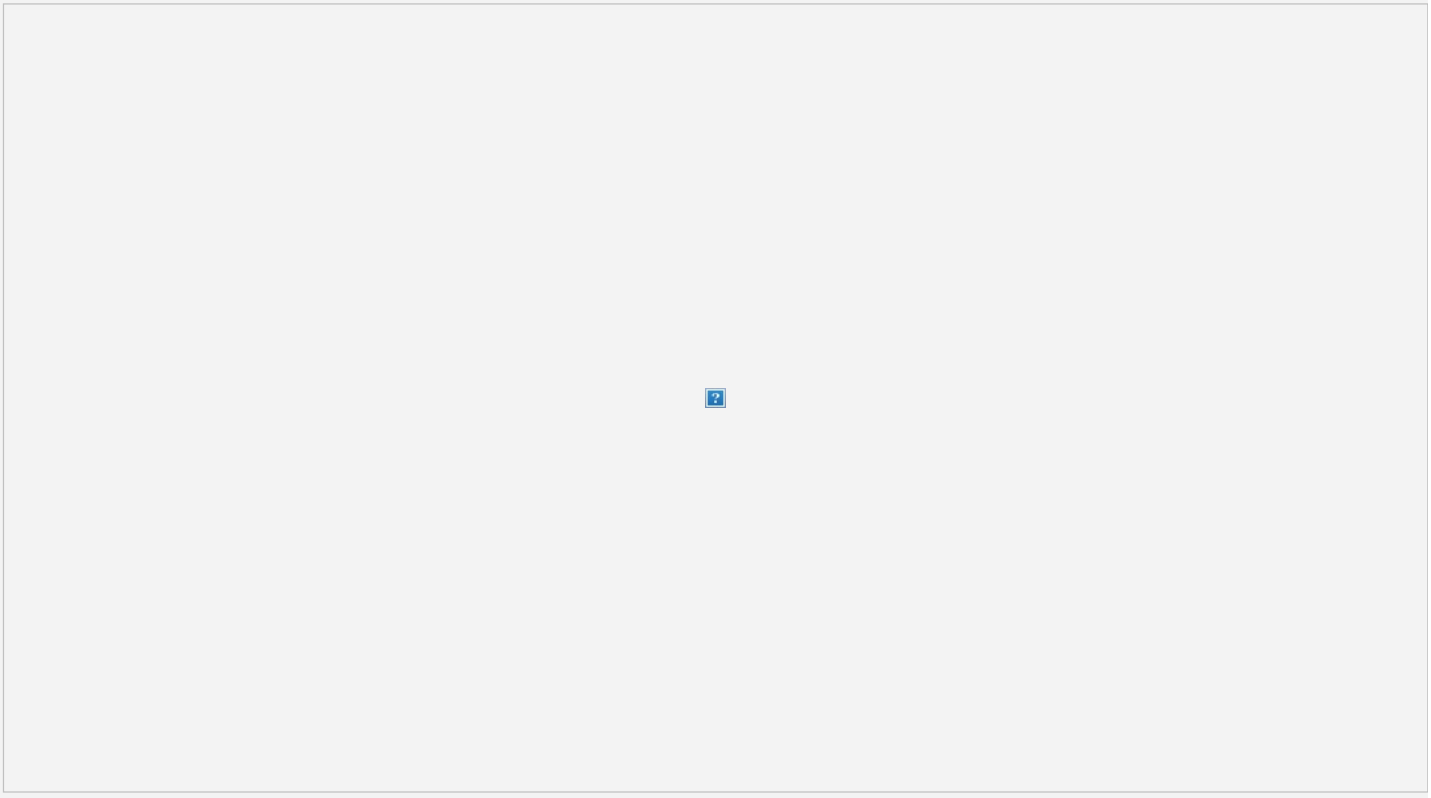
The map book displays a map ID for subject parcels on each page. In some cases, certain larger parcels included a large number of APNs associated with the same piece of land. In those instances I labeled those APNs as a range, as you will see beginning on page 2 of the map book (example shown below).



Thank you, Lorena. And as always please don't hesitate to contact us if you have any questions or we may be of further service.

Best,
